

EVAN GODDARD

Programmer

evanmgoddard@gmail.com

541-441-6353

Grants Pass, Oregon

EXPERIENCE

Programmer / Sales Coordinator

Rogue Truck Body LLC

06/2022 - Present — Kerby, Oregon

- Developed custom desktop applications using WPF and WinForms to increase workplace efficiency
- Led and worked on a website redesign project
- Helped in managing and building up the ERP software for inventory and costing (Fishbowl)
- Took all incoming orders from all salesmen to format and review before moving into production which drastically reduced questions during manufacturing

PLC and HMI Programmer

Quantum Innovations

06/2021 - 06/2022 — Central Point, Oregon

- Taught myself and implemented with five software packages. These include: Sysmac Studio, NB Designer, CXProgrammer, Crimson 3.0, and Atmel Studio
- Thoroughly troubleshoot machines for software, electrical, and hardware errors
- Developed software changes that increased UX and reliability of multiple machines. Collaborated with others to further increase reliability through hardware
- Created software changelogs for project managers and collaborated with others to update machine manuals

Manufacturing

Quantum Innovations

06/2020 - 06/2021 — Central Point, Oregon

- Roll steel wool within a designated weight range and shape
- Create and place up to 10,000 labels a week on part number organized bags

Window Cleaner - Foreman

The Window Man

07/2016 - 09/2019 — Grants Pass, Oregon

- Caught on very fast and had excellent attention to detail
- Responsible for quality assurance and customer satisfaction at the end of the job
- Trusted to train and work with new workers and ensure everything was done correctly
